CATEGORIES

Choose a category for your submission
- Small intervention
- Major intervention
- Public space
- Extra muros

You can submit your project for one of the following four categories:

1. **Small intervention**
architectural projects < 1,000 m^2: buildings or renovations located in the Brussels-Capital Region which, thanks to an intelligent plan, ingenious detailing, the responsible use of materials or a clever organization, offer the right answer to the challenges of the contemporary metropolis.

2. **Major intervention**
buildings located in the Brussels-Capital Region which, by virtue of their volume, their programme or their ambition, redesign the city, give it a new appearance or have a lasting impact on the quality and perception of the immediate environment.

3. **Public space**
projects in the public space, located in the Brussels-Capital Region, which constitute an added value for the residents and users, which promote green mobility, and thus make it a city for everyone. This concerns not only streets, squares and parks, but also semi-public spaces that open themselves up to the neighbourhood and to passers-by, and as such give something back to the neighbourhood and the city.

4. **Extra muros**
high-quality projects built outside the Brussels territory (national or international), but designed by a firm based in the Brussels-Capital Region.

In addition to these four categories, we will reward the work of a young emerging office with a special award. Any office based in the Brussels-Capital Region whose founders were younger than 40 in 2021 will be eligible.

Were the founders of your office younger than 40 in 2021?
- Yes
- No

COLLABORATIONS

Executive architect *(if other than the architect of the project)*

Landscape architect

Stability engineer

Technical engineer

Sustainability

Acoustics

Other consultancies

Main contractor

PHOTOS

Photos of the project (WeTransfer, Drive, Dropbox file): max. 10 photos.

Maximum size per file is 2MB. Give the file names of the photos as follows: ‘NAME OF ARCHITECT_NAME of PROJECT_subject of file (e.g. detail window, view from garden)_© name of photographer’.

Name of the photographer

Are the pictures royalty-free?

- YES (this means that you own the copyright and we do not need to pay the photographer for the publication of the photos)
- NO (this means that the photographer owns the copyright and we must pay him or her a royalty for the publication of the photos)

If NO, please provide the email address of the photographer:

DOCUMENTATION

For your project to be evaluated by an international jury, we kindly request you to provide a file comprising all the necessary information: PDF format, A4, landscape format, max. 8 pages in total, max. 5 MB in total, in English.

- Page 1: location, text (max. 250 words), technical details
- Pages 2 and 3: plans: location, plan of each storey, at least two sections (cross and longitudinal), if necessary façades
- Pages 4 and 5: photos
- Max. 3 extra pages

The name of the architect, the name of the project and the location of the project must be given at the top of each page.

CONTACT PERSON

Please provide the contact details of the person we can contact in case there are questions or if information is missing.

Contact person (surname / first name)

Telephone number

Email address

We will announce the list of nominated projects in June 2021. Please do not contact the board of A+ either by phone or email in the meantime. We will contact you if we need more information from you.
